

## SCHIZORA (\$SZR) — FULL PROJECT GUIDE

### Seven Minds. One Token.

SCHIZORA is a behavioral token on BNB Chain designed to evolve through 7 rotating personalities (modes). Instead of static taxes and static market behavior, SCHIZORA changes rhythm, pressure, rewards and burn mechanics over time.

#### Total Supply

666,666,666 SZR

Fixed forever. No minting possible.

#### TOKENOMICS & DISTRIBUTION

Presale: 166,666,666 SZR (for early buyers)

Liquidity Pool: 233,333,333 SZR

Treasury / Ecosystem: 100,000,000 SZR

Rewards / Utilities: 66,666,666 SZR

Team / Development: 66,666,666 SZR

Burn Reserve: 33,333,335 SZR

#### PRESALE STRUCTURE

Website: <https://schizora.vercel.app/>

Phase 1 starts with first 100 members gathered.

Presale Duration: 21 Days

Softcap: 5 BNB

Hardcap: 20 BNB

Minimum Buy: 0.05 BNB

Maximum Buy: 0.50 BNB per wallet

#### If Presale is Successful

- Liquidity is created on PancakeSwap.
- 70% of all raised BNB goes directly into liquidity.
- Remaining funds support growth, listings and ecosystem.
- Participants claim tokens (50% at launch, 50% after 7 days).

#### If Presale Fails

- Contributors can claim refund according to contract rules.
- No unfair launch.

#### TAX SYSTEM

Buy Tax: 5%

Sell Tax: 8%

Used for Liquidity / Burn / Rewards / Treasury depending on active mode.

## **THE 7 MODES**

### **1. CALM MODE**

Buy 2% / Sell 2%

Stable market mode. Easier entries. Recovery period after aggressive phases.

### **2. BURN MODE**

Buy 5% / Sell 8%

Higher burn allocation. Supply reduces faster.

### **3. REWARD MODE**

Buy 5% / Sell 8%

Higher reward and treasury allocation. Supports holders and future ecosystem tools.

### **4. CHAOS MODE**

Buy 3%-7% / Sell 6%-10%

Dynamic taxes. Unpredictable environment. Attention mode.

### **5. MIRROR MODE**

Adaptive taxes based on buy/sell pressure.

The market speaks, SCHIZORA responds.

### **6. SILENT MODE**

Buy 1% / Sell 3%

Quiet accumulation mode. Low friction entries.

### **7. PREDATOR MODE**

Buy 5% / Sell 12%

Punishes panic sellers. Strengthens treasury and burn wallet.

### **SPECIAL MODE: PARASITE MODE**

Activated when tracked external tokens collapse.

Used for strategic advantage, buyback pressure, burns and treasury strengthening.

## **LONG TERM VISION**

Create one of the most memorable meme-behavior tokens on BNB Chain through identity, mechanics and community.

### **Final Message**

SCHIZORA is not one personality.

It is seven minds sharing one supply.
